### **DETAILED ACTION**

1. Newly submitted claims 21-28 are directed to an invention that is independent or distinct from the invention originally claimed for the following reasons: independent claims 21 and 27 are generic and similar forms of the claims were already rejected in earlier office actions.

Since applicant has received an action on the merits for the originally presented invention, this invention has been constructively elected by original presentation for prosecution on the merits. Accordingly, claims 21-28 are withdrawn from consideration as being directed to a non-elected invention. See 37 CFR 1.142(b) and MPEP § 821.03.

### ***Allowable Subject Matter***

2. Claims 1-20 are allowed over the prior art of record.

### ***Conclusion***

3. This application is in condition for allowance except for the following formal matters:

Claims 21-28 are still pending, but are withdrawn from consideration.

Prosecution on the merits is closed in accordance with the practice under *Ex parte Quayle*, 1935 C.D. 11, 453 O.G. 213.

A shortened statutory period for reply to this action is set to expire **TWO MONTHS** from the mailing date of this letter.
